

SPRINGFIELD UTILITY BOARD

PREMIUM EFFICIENCY MOTOR REBATE APPLICATION

FOR COMMERCIAL AND INDUSTRIAL CUSTOMERS

PREMIUM EFFICIENCY MOTOR REBATES are available to SUB's commercial and industrial customers to encourage the purchase of new premium efficiency motors. Motors of a particular nominal HP and RPM qualify for rebates if nameplate efficiency (as determined using IEEE test method 112B at full load) equals or exceeds that given in the table below. Qualifying motors must be new, 3-phase, NEMA type A or B induction motors.

APPLICATION PROCESS:

- 1) Complete and sign this application. Fill out one line per qualifying motor.
- 2) Attach copy of invoice(s) and manufacturer's spec sheet(s) showing make, model #, serial #, and nominal full load efficiency.
- 3) Send to SUB, Energy & Conservation Services, P.O. Box 300, Springfield, OR 97477, or fax to (541) 744-3654.
- 4) Look for rebate check in the mail in 2-4 weeks.

AGREEMENT: Customer certifies that all information supplied on this form is true and correct. Customer acknowledges that rebate funds are considered as (partially) taxable income by the IRS. Motors funded under this program may be purchased anywhere, but they must be installed or placed in inventory at a facility within SUB service territory. Customer understands that the payment of rebates does not constitute or imply a warranty, endorsement, or guarantee regarding the fitness of the funded motors for any particular application, the performance of said motors, or the magnitude of the expected energy related benefits to the customer.
