WHAT ?

SUB offers incentives to help pay for energy-efficient lighting upgrades of commercial facilities. Options include:

- Retrofit existing fixtures with new T8 lamps & electronic ballasts.
- Replace old fixtures with new fluorescent fixtures (T5, T8, or pin-based Compact-Fluorescent Lamps) or with new Pulse-Start metal halide fixtures.
- Replace incandescent Exit signs with new LED Exit signs.
- Control lighting with occupancy sensors, daylight sensors, or time clocks.
- When planning a new building or major re-model, upgrade to more efficient lighting equipment & controls.

SUB has three different programs tailor-made for various types & sizes of projects:

- **New Construction Lighting Rebates** – Upgrade new lighting systems for new construction or major remodels.
- **Retrofit Lighting Rebates** – One-for-one upgrades of existing light fixtures in commercial & industrial facilities (\$1,500 maximum rebate).
- **Custom Lighting Incentives** – Upgrade existing systems. Contact SUB for details. Pre-approval is required.

WHY ?

- Lighting accounts for about 25% of a commercial facility's energy expenses.
- Upgrading to energy-efficient lighting may save up to 50% of lighting energy costs.
- Enhanced lighting improves productivity, sales, ambiance, & safety while decreasing operating & maintenance costs.
- Utility incentives & state tax credits help pay for eligible upgrades.

How ?

Customer is responsible to ...

- 1) Contact SUB at 744-2264.
- 2) Obtain bids from Contractors & submit copies to SUB.
- 3) Sign Agreement & return to SUB (submit BETC tax credit application to ODOE).
- 4) Install equipment & notify SUB when done.
- 5) Submit to SUB invoice & proof of proper lamp & ballast disposal.

www.subutil.com

SUB in response will ...

- A) Audit facility & assess potential upgrades.
- B) Review bids, verify hours of operation, estimate incentive, & offer Agreement.
- C) Approve Agreement, reserve incentive funds, & notify Customer of approval.
- D) Inspect installation.
- E) Send incentive payment to Customer or designated third party.
