

## New Construction Lighting Rebate (Commercial Facilities)

This program helps pay for upgrades of new lighting systems in new commercial facilities (or major remodels).

- **APPLICATION MUST BE SUBMITTED WITHIN 60 DAYS OF INSTALLATION TO BE ELIGIBLE FOR REBATE.**
- Complete both sides of this form and submit to SUB along with copy of itemized invoice(s).
- Submit proof of proper lamp and ballast recycling.
- Equipment installation is subject to field inspection prior to payment of rebate.

E-mail Address	Fax

**Agreement Clause:** I, the owner/occupant of the above facility, certify that the contractor has installed the equipment listed on the back of this form & is entitled to payment. I certify the attached documents to this rebate application are authentic proof-of-purchase by me or my authorized business representatives for the items applied for on this application.

As a qualified Springfield Utility Board (SUB) customer, I certify that I have purchased the indicated energy-efficient products for installation at my business facility & not for resale.

I understand that payment by SUB in no way implies warranty of the product or installation. I understand that I am responsible for any necessary permits that may apply to the installation of this equipment & for proper disposal of any & all removed materials & equipment.

I relinquish & grant to SUB all credits, reductions, offsets, reporting rights & savings pertaining to carbon, CO2, greenhouse gases, emissions, kWh energy, efficiency & any other related environmental benefits. My sole benefit is any reduced energy cost resulting from this installed equipment.
