Date of Last Rate Change: January 1, 2011.

SPRINGFIELD UTILITY BOARD
WATER RATE SCHEDULES

Water Service For Upper Level Customers

SCHEDULE UPL

APPLICATION:

This schedule applies to all metered accounts under all other SUB water rate schedules that, due to elevation or location, are provided water service by booster pump stations. Accounts served by booster pump stations are assigned to a service level generally depending on the ground elevation of the service connection. Due to topography and existing water system configuration, a service connection may be dictated by location rather than elevation. The Kelly Butte, Willamette Heights, Jasper Meadows, and S. 72nd Street Pump Stations are examples of Level 2 pump stations. The S. 67th Street Pump Station is an example of a Level 3 pump station. A proposed South Hills pump station is an example of a Level 4 pump station.

APPLICABLE CUSTOMER SERVICE CHARGE:

There is no additional customer service charge under this rate schedule.

WATER USAGE RATES:

Level 2

For all billing months:
all units at \$0.110/unit

Level 3

For all billing months:
all units at \$0.164/unit

Level 4

For all billing months:
all units at \$0.219/unit

MONTHLY MINIMUM:

There is no additional monthly minimum charge under this rate schedule.

Effective on all billing statements rendered on or after January 1, 2012. Typical billing statements reflect usage within the previous 34 days.

Date of Last Rate Change: January 1, 2011.

SPRINGFIELD UTILITY BOARD
WATER RATE SCHEDULES

Self-Service Water Meter Station
Located At 202 S. 18th Street

SCHEDULE STN

APPLICATION:

This schedule applies to the self-service water meter station located at 202 S. 18th Street. When functioning as a coin-operated system, SUB's water station is set with a timer that delivers approximately 260 to 270 gallons at the point a customer connects to the station. The specific amount of water a customer receives for each use depends on the customer's hose and tank configuration. There is a shutoff device in the event a customer desires to terminate deliveries before the timed interval is complete.

WATER STATION CHARGE:

Charge for each timed delivery: \$1.25

MINIMUM CHARGE:

The Minimum Charge is the Water Station Charge. Customers do not receive reimbursement for early shutoff of service before the timed interval is complete.

Effective on all billing statements rendered on or after January 1, 2012. Typical billing statements reflect usage within the previous 34 days.

Date of Last Rate Change: January 1, 2011.
